

Printing Labels on NIIMBOT

□ SenseLab □

Label Set-up

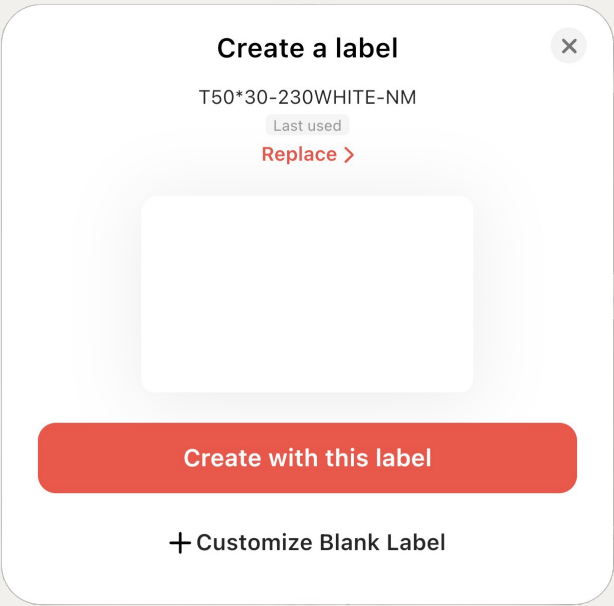

Step-by-Step Guide

- Open up Adobe illustrator and design your label.
- Document dimensions: 30 x 50 mm
- Export file as PNG or JPEG.
- Download the NIIMBOT app from the app store
- Connect to outlet, press and hold on the power button to turn on
- Connect your device to the app

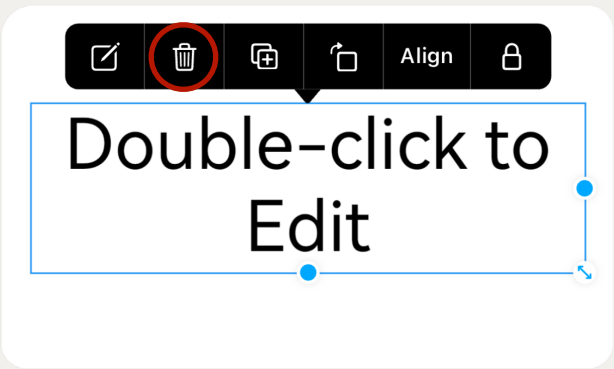

Step-by-Step Guide

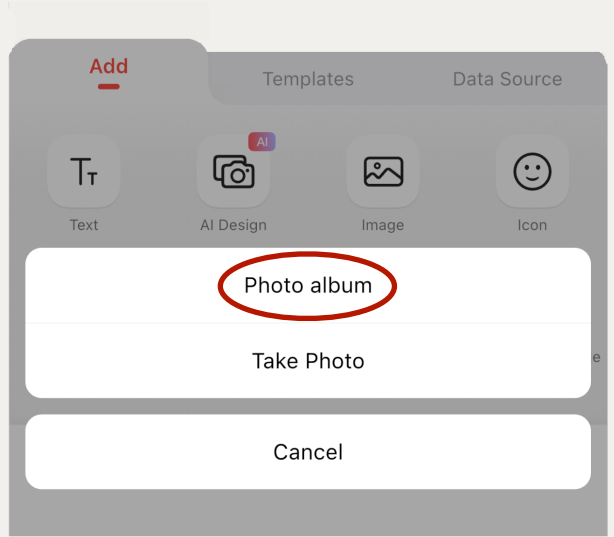

- Create a label in the app using the suggested dimensions.

- Delete the default text.

- Select image and locate the newly created label in your gallery.

- Save and Print!
